

ECOQUEST - FRESH AIR ECOBOX

ROOM/OFFICE

Fresh Air Box is designed as a portable pollutant and odor-eliminating unit, allowing the user to easily place the unit where it is needed to eliminate mildew and contaminants on surfaces, as well as contain and reduce odors at the source.

Fresh Air Box brings the science and safety of nature indoors. Natural, odor-eliminating, pollutant-reducing processes found in sunlight and thunderstorms are recreated in the home. Fresh Air Box with Active-Pure Technology, Certified Space Technology™ creates healthier living spaces. That means less money spent on harmful chemical sprays and wipes, and more time to spend with loved ones.

Benefits of Fresh Air Box

- Removes airborne contaminants and allergens - reducing asthma and allergy symptoms
- Freshens air and removes odors in otherwise stale-prone environments
- Removes dirt and dust from the air

ECOQUEST - FRESH AIR ECOBOX

Fresh Air Box contains advanced technology to make breathing easier, cleaner and healthier. This convenient, portable unit provides the cleanest, freshest air possible within small areas.

- Uses super oxide ions and hydro peroxides created by ActivePure Technology to remove contaminants
- Negatively charged ions remove microscopic particles from the air that will reduce allergens and harmful airborne pollutants
- Features a high intensity UVC light that makes use of the same oxidation and ionizing properties of light as naturally occurring sunlight
- 2-hour Away Mode increases the maximum output of activated oxygen for incredible effectiveness in unoccupied areas
- Improves the quality of air in an environment up to 1,500 sq. feet

Max O3 - 100 mg/hr (Away Mode)

Technology:

Needlepoint ionization

ActivePure (RCI) cell

2-hour Away mode

Power Usage: 15 Volt DC, 20-30 watts

Electrostatic lint screen (2 pk side grills)

3 speed fan

Car adapter can be purchased separately

Applications: Homes, offices, apartments, small shops

Coverage: 500 sq. feet

Size: 6.5 in. wide x 6.5 in. high x 7 in. deep

Weight: 2 lbs

Warranty: 1 year

The ecobox can also remove almost 100% of all airborne particles from the air that you breathe indoors and can help provide you with the peace of mind that your indoor environment is also germ free.

The ecobox can also safely and quickly neutralize, destroy, and render harmless all gases and airborne irritants like smoke, odors, dust-mite, cock-roach antigens, animal dander, allergens, mold-spores, airborne bacteria, viruses, and more from your indoor environment.

The ecobox is based on NASA technology considering portability, capacity, functionality and ease of operation, the ecobox can provide you with a germ free and cleaner indoor air. The ecobox Air is the perfect air purifier, air cleaner, and air sanitizer for indoor areas of up to 1,500 square feet.

The ecobox purification system is perfect for keeping the air clean and fresh 7x24 in your home or office. With the use of NASA technology, the ecobox can assure you a better breathable indoor air and environment.
